

Instructions Midterm Exam #1

The first Midterm Exam is scheduled for **Wednesday February 23, 2022, 10:00 AM - 10:50 AM**. This is a closed-book, closed-notes exam. The exam will address material covered in class up to (and including) the material covered in the lecture on February 16, 2022. This also includes all homework problems related to that material (possibly on assignments that have not been graded yet).

The following items are NOT allowed during the exam:

- Computers
- Cell phones
- Calculator brought by the student
- Copies of text, equations, figures, or any other item that could provide information relevant to the exam, with the exception of the Reference Pages noted below.

Note that the instructor will provide a simple non-programmable and non-graphics calculator to each student during the exam.

No paper will be supplied; every student needs to bring paper for the exam and also a ruler.

The following items are allowed during the exam:

- Calculator provided by the instructor
- **Two (2) pages** of letter-size (8 ½" x 11") paper ("Reference Pages"). A 'page' is defined here as one side of a sheet of paper, not both sides.
 - The Reference Pages must be turned in together with the exam (they will be returned to the student along with the graded exam).
 - The words "Reference Page" and the student's name must appear clearly legible on each page.
 - All items on the Reference Pages, i.e. figures, equations, etc. must have been produced by hand by the student him/herself.
