**Subject:** Re: Optical Alignment Seminar - starts Friday. Jan. 19 (8 week seminar)

Here are the seminar requirements:

1. Attend/watch the 8 alignment seminar lectures.

Provide by May 1st, 2018:

1. A one page summary for each seminar lecture all in a single PDF file labeled: 2018 Alignment Seminar YOUR NAME

2. Provide in a PDF an alignment study of the student choice. Labeled: 2018 Project YOUR NAME

3. Provide a statement supporting a total of 45 hours for a one credit of independent study.

The alignment study can be for example reading and summarizing papers related to alignment from the SPIE digital library,  
or discussing the alignment of an actual system.
